PRESS RELEASE

To streamline and expedite the process of Public Health Clearance for transporting human remains to India from different countries, Ministry of Health & Family Welfare, Govt. of India has developed the e-Clearance for Afterlife Remains (eCARE) portal: <https://ecare.mohfw.gov.in> The initiative is to bring all stakeholders including the consignee, Airport Health Organisation, and the airlines on a single interface and to facilitate smooth and timely clearance of documents with automatic periodic alerts and live status tracking.

2. This Press Release has been issued for general awareness of the Indian community living in Myanmar.
